GENERATING VALUE IN THE PROCESS

At QMC Logistics & Warehousing, our commitment is to offer a service adapted to the current needs of the industry, For this reason our operation in the logistics center works continuously 24 hours a day and 7 days a week, providing the security, tranquility and personalized attention that our clients need.

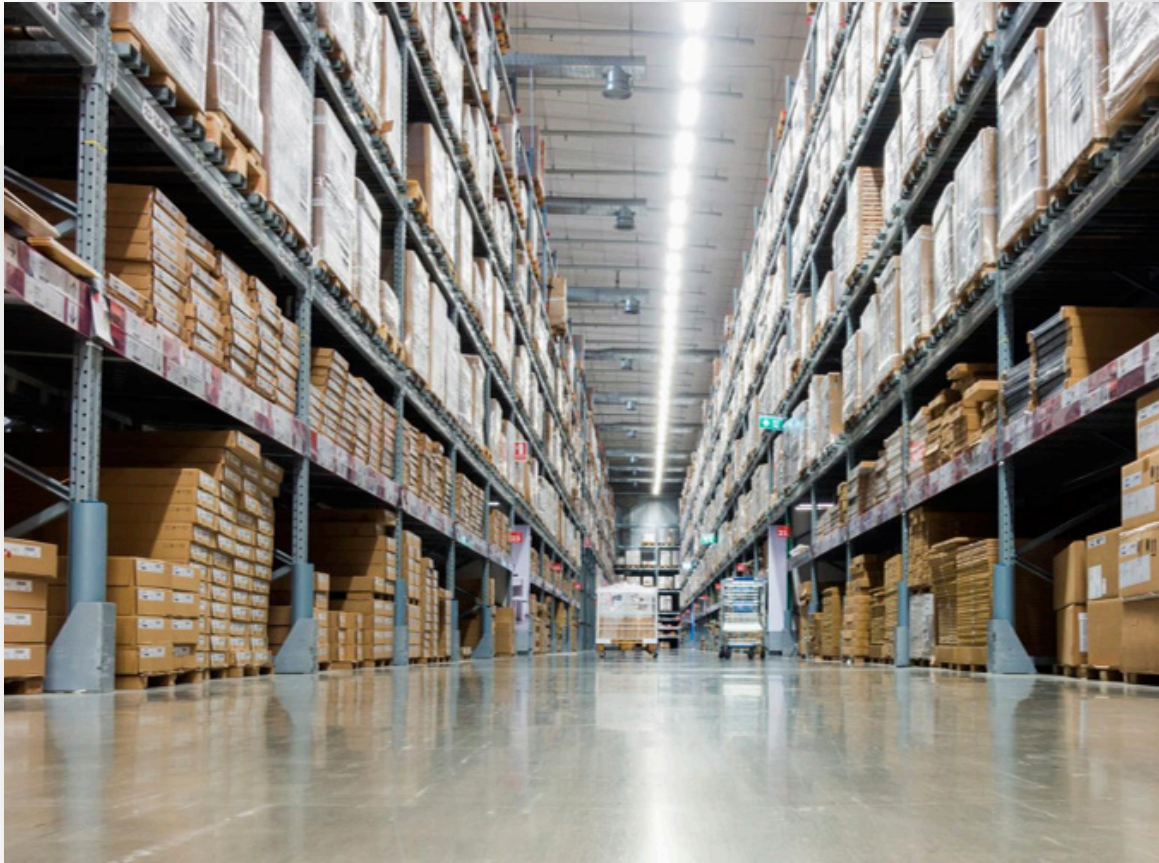

GENERATING VALUE IN THE PROCESS

QMC Logistics has its own software to carry out all inventory control management. Through the use of technological resources we seek to minimize risks, have more accurate information, data reliability, have reports quickly and updated, in addition, these can be consulted by the client.

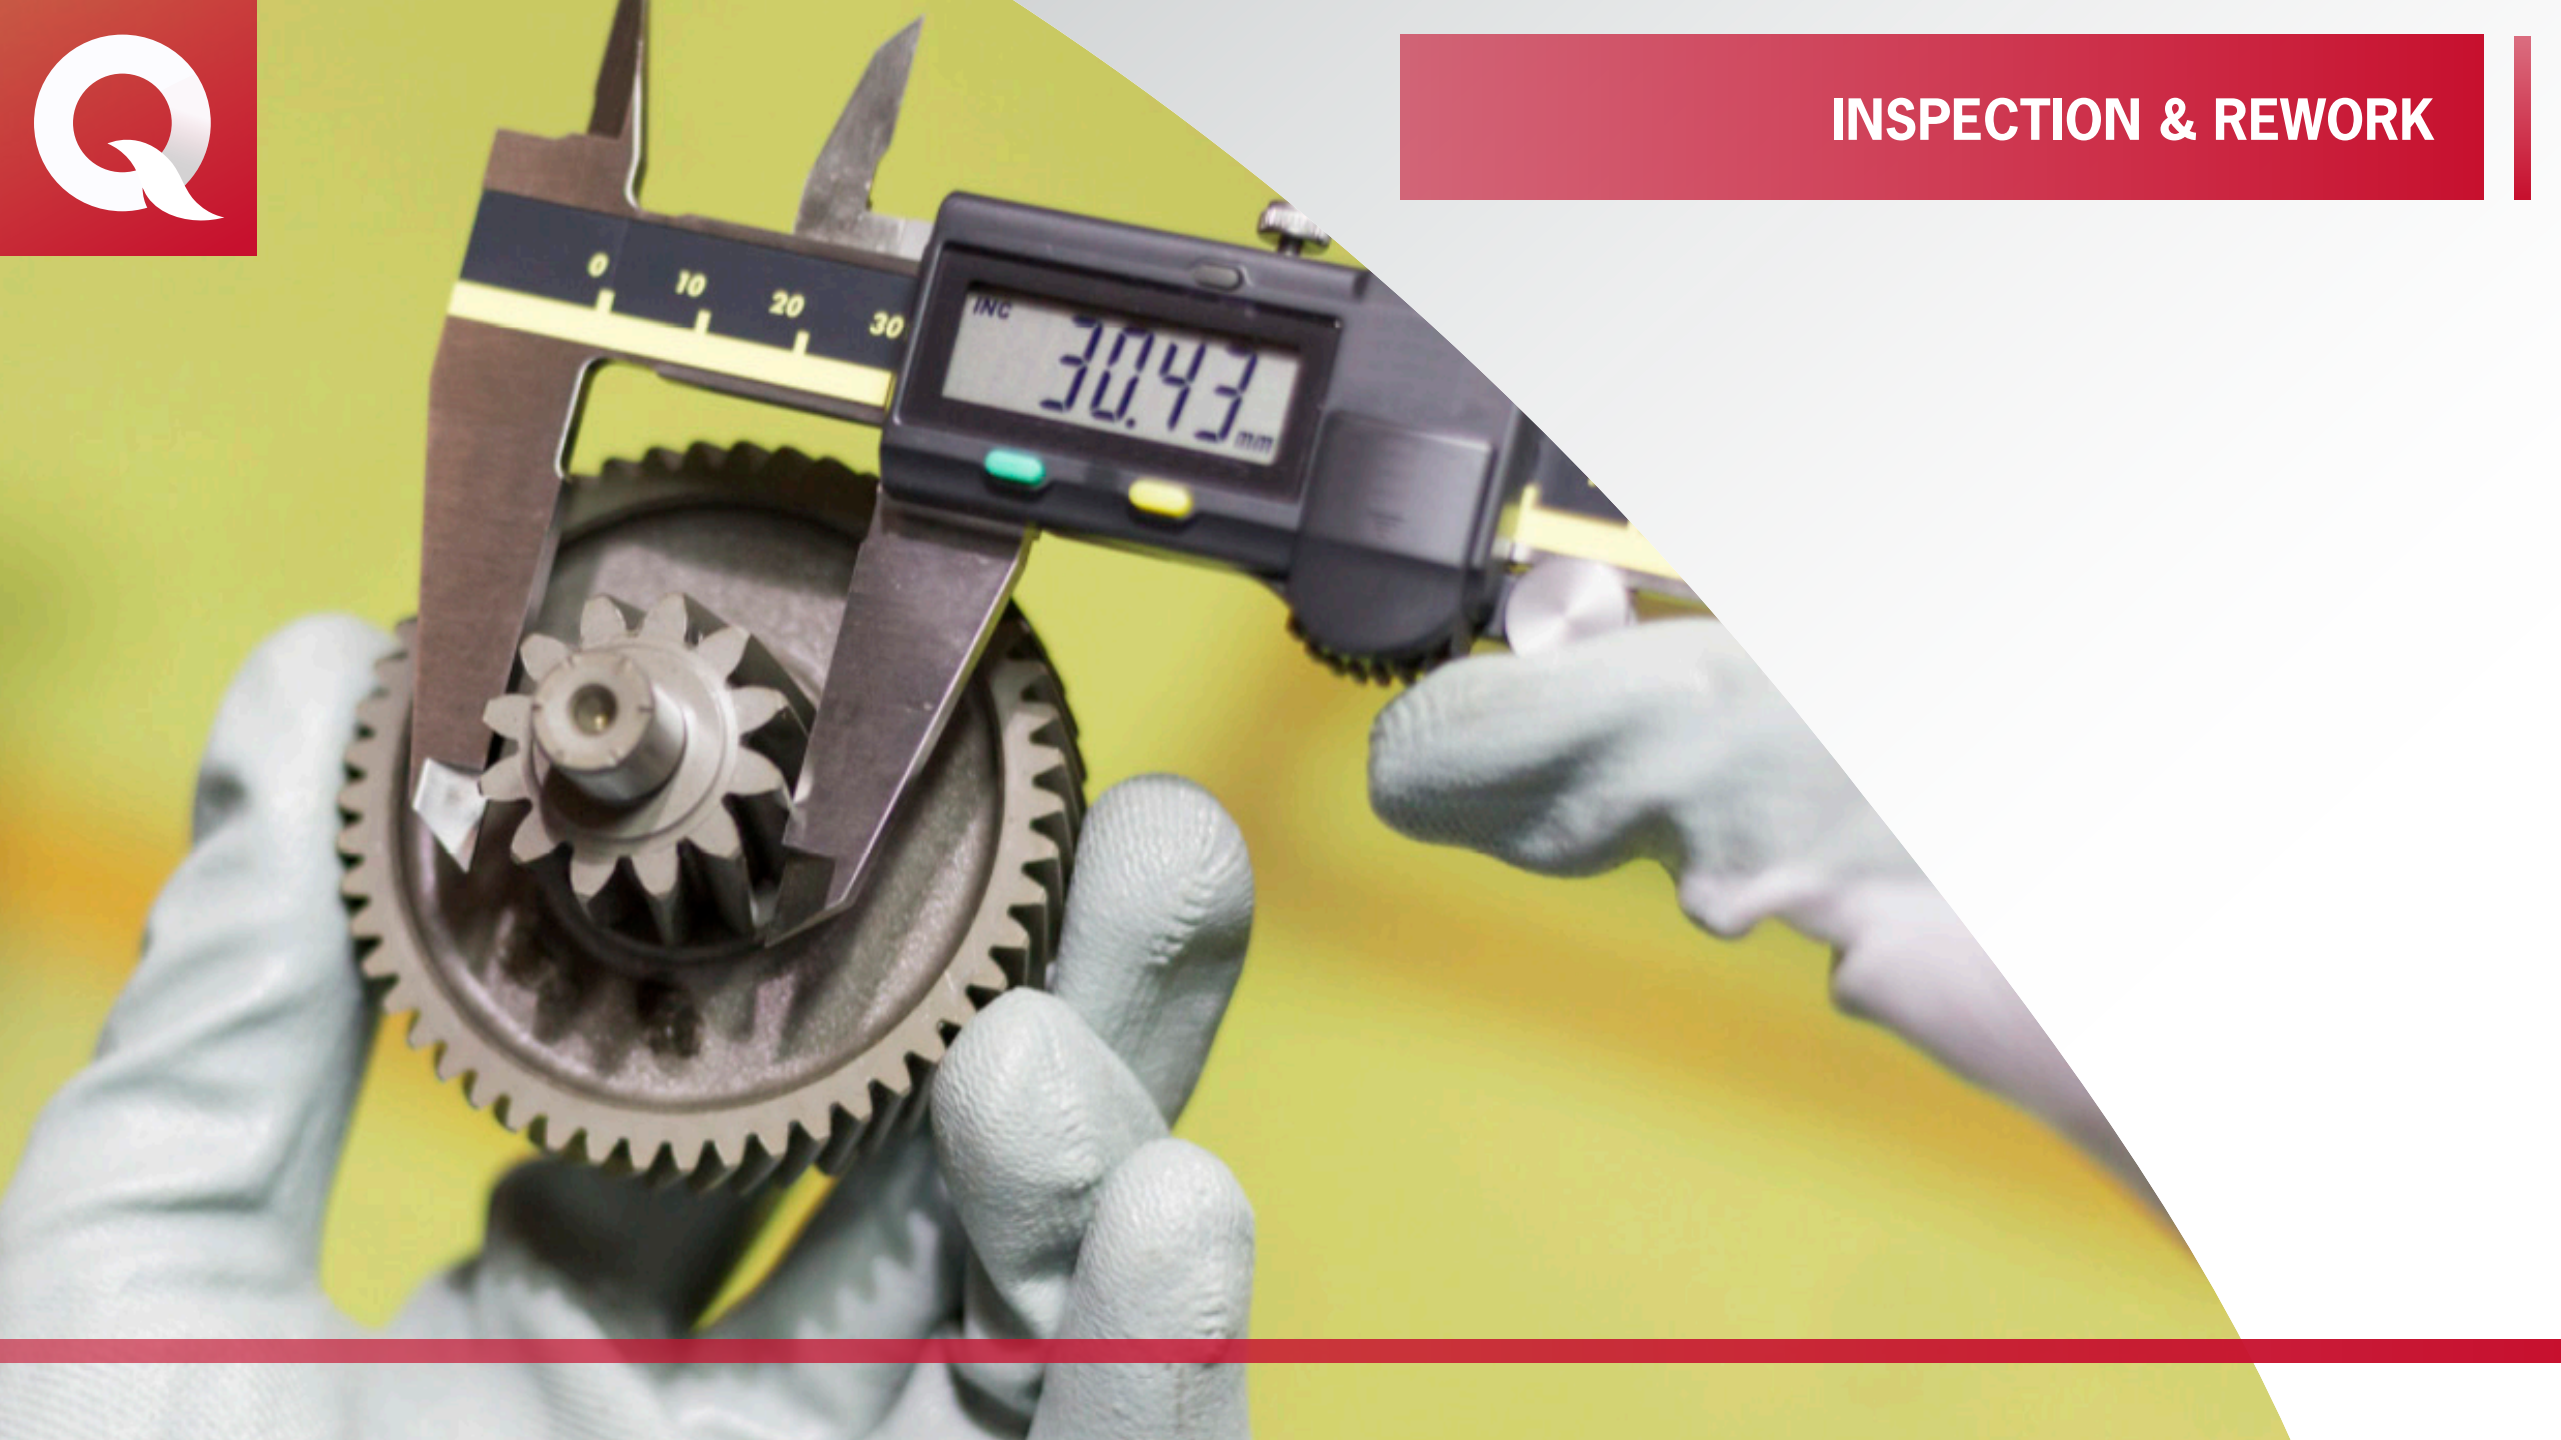

GENERATING VALUE IN THE PROCESS

All of our employees are highly competitive, we have a training program that helps to increase the level of skills of the personnel and seek the standardization of processes, through the Standard Operation Sheets (SOS) and ILU.
